# Assembly Instructions For Concord Café Chairs

**Tools required:** Phillips screwdriver and rubber mallet.

**Note:** These instructions are intended for various models and configurations. Your products may not look exactly as those shown in the diagrams.

**Important:** The assembly process requires that some hardware be kept loose until later in the sequence. Follow these instructions closely to ensure correct assembly.

**Recommendation:** Retighten all screws on a seasonal basis to ensure your product remains strong and stable for many years of use.

## Parts List

Chair Frame  
Seat  
Back

## Hardware Pack

5/8" Phillips Screws, 5 pcs.

1. Unpack and identify all parts.
2. Place seat face down on a table as shown in figure 1. Be sure the table is clean and protected to avoid scratching either surface.
3. Place chair frame upside down on top of seat, as shown in figure 2.
4. Align back edge of seat with back edge of rear cross tube and then center the front of the seat under the front legs.
5. Attach seat using 5 Phillips screws through tabs in chair frame into seat. Tighten securely using care not to strip.
6. Attach backrest to chair by aligning grooves in backrest with flanges on rear legs and pushing down, as shown in figure 3. **Caution - back attachment clips are very sharp. Use care when handling.** Slide both sides down evenly. Use a rubber mallet as necessary to be sure backrest is all the way down. (When all the way down the top of the backrest will be about 1 1/4" below the top of the rear legs.)
7. Your chair is now assembled and ready to use.
