Clean and maintain your furniture regularly. Clean all stains as quickly as possible and use the following cleaning procedures for best results.

Vacuum regularly to remove dirt and dust. Crypton® can be cleaned easily with soap and water. Remove any excess residue by blotting or gently lifting with a spatula or spoon. Use a mild soap and water mixture such as hospital-grade quaternary disinfectant that sanitizes Crypton, killing a variety of germs, bacteria, and fungi. Visit cfstinson.com or call CF Stinson customer service at 800.841.6279 for additional information.

We suggest using Crypton Care upholstery cleaners to clean these woven textiles. Specially developed by Crypton, this term and any corresponding data refer to typical performance in the tests indicated and should not be construed to imply the behavior of this or any other material under actual fire conditions. These patterns can be approved for California Technical Bulletin 133 use when used in conjunction with other suitable components. Additional charges will apply. Please contact Lesro customer service for additional information.

Cleaning and Maintenance

Clean and maintain your furniture regularly. Clean all stains as quickly as possible and use the following cleaning procedures for best results.

Vacuum regularly to remove dirt and dust. Crypton® can be cleaned easily with soap and water. Remove any excess residue by blotting or gentle wiping with a damp cloth or sponge. Use a mild soap and water solution. For tough stains, gently agitate with a soft brush or cloth and wait approximately one minute to allow the detergent to break down the stain. Gently blot the stain. Thoroughly rinse with water. Crypton has a permanent moisture barrier, so rinse liberally as remaining soap residue will attract dirt. Repeat as necessary. Note the use of bleach solutions is not recommended as remaining bleach residue can fade or harm the material.

We suggest using Crypton Care upholstery cleaners to clean these woven textiles. Specially developed by Crypton, these cleaners are water-based, pH neutral, biodegradable, and easy to use. These cleaners do not contain bleach, solvents, or hard chemicals. Crypton Care cleaner options include an EPA-approved disinfectant & deodorizer that provides hospital-grade quaternary disinfection that sanitizes Crypton, killing a variety of germs, bacteria, and fungi. Visit cfstinson.com or call CF Stinson customer service at 800.841.6279 for additional information.

This information is not a guarantee and does not relieve the user from the responsibility of proper and safe use of the product and all cleaning agents. The use of certain agents can be mild to the surface appearance and lifespan of the material. CF Stinson, its agents, and assigns assume no responsibility resulting from the use of such cleaning agents to the material.
